A Message of Support for President Johnson From Some of His Fellow Citizens

WE, the undersigned citizens, have taken note of the expressions of weariness, fear, appeasement and retreat that have come from prominent Americans in the face of aggression in Southeast Asia. We agree with you that the defense of freedom in Southeast Asia is necessary to the security and freedom of our own country and to the future of freedom everywhere. Our husbands, sons, brothers and neighbors are fighting in South Vietnam, alongside our allies, and are daily facing enemy fire and terrorism at the risk, and often the sacrifice, of their lives. We are proud of them. We are proud of the firmness you have shown in confronting the forces of totalitarian tyranny and aggression. We are sure the majority of our fellow-countrymen join with us in supporting the measures you have taken to resist Communist aggression in Vietnam and elsewhere. We urge you to continue to stand firm and pray that God gives our nation and its leadership the strength to withstand the pressures which would advance the forces of tyranny over the cause of freedom.

The People's Emergency Committee to Defend Freedom against Communist Aggression was started by a group of concerned fathers and mothers and wives of Americans killed in Vietnam to support President Johnson in his stand against Communist aggression. This advertisement was paid for through contributions from each of the individuals listed above. It may be reprinted without prior permission. Indeed, we urge all who read this to join in promoting this enterprise: by publishing this statement in your local newspaper, with the names of your neighbors, business associates and friends; by sending your contribution of at least $10 to the People's Emergency Committee—and authorization to use your name—so we may print additional advertisements.
